

Programme

Göttingen Minipigs Symposium | Boston, MA

8 May 2025

08:00 - 08:45 **Registration / Continental breakfast**

08:45 - 09:00 **Opening Remarks**

By Martin Windfeld Velin | CEO, Ellegaard Göttingen Minipigs A/S

09:00 - 09:35 **Using in vitro drug metabolism studies for species selection in drug discovery: A minipig, a dog and a monkey walk into a lab...**

By Andrew Taylor | Ph.D, BioIVT

09:35 - 10:10 **The Göttingen Minipig - just another non-rodent ?**

By Mikkel Lykke | DVM, Scantox A/S

10:10 - 10:30 **Break**

10:30 - 11:05 **Basic and Advanced Biomarkers used in Toxicology studies with Göttingen Minipigs®**

By Samuel S. Chuang | Ph.D, Charles River Laboratories

11:05 - 11:40 **Pathology in the Göttingen Minipig used in preclinical safety studies**

By Nanna Grand | DVM, Scantox A/S

11:40 - 13:00 **Lunch**

13:00 - 13:35 **Introduction to the Humanized Göttingen Minipig**

By Lars Siim Madsen | CSO, Ellegaard Göttingen Minipigs A/S

13:35 - 14:10 **Targeted Surgical Routes of Administration in the Göttingen Minipig**

By Maggie Mohr | Ph.D, Northern Biomedical Research

14:10 - 14:30 **Break**

14:30 - 15:10 **Göttingen Micropigs and other small size Göttingen Minipigs models**

By Lars Siim Madsen | CSO, Ellegaard Göttingen Minipigs A/S

15:10 - 15:45 **Housing, Husbandry, and Handling of Göttingen Minipigs**

By Bambi Jasmin | DVM, DAACLAM, Marshall Bioresources

15:45 - 16:00 **Panel discussion**

16:00 - 17:00 **Cocktail Hour - Networking with presenters and attendees**
